

Route Sheet A Instructions

The following applies only to Route Sheet A and no other Route Sheets on Leg 1. There are 29 identified capitals in the pages attached. None has an assigned value; instead, there are progressive and cumulative points awarded based upon the number of capitals obtained. Please consult this grid for the values for Leg 1:

Use this handy grid to determine the value of the capital bonus locations. You may obtain the capitals in any order. The points are progressive; obtaining 3 capitals results in the points for capitals 1, 2 and 3, a total of 600 points. To make scoring easier in your rally pack, place the Bonus ID in the appropriate column in the order you obtain them; then record the value in the space provided in the Bonus Location Description.

ID	#	Pts	ID	#	Pts	ID	#	Pts
	1	100		11	1,100		21	2,300
	2	200		12	1,200		22	2,400
	3	300		13	1,500		23	2,500
	4	400		14	1,600		24	2,600
	5	500		15	1,700		25	2,700
	6	600		16	1,800		26	2,800
	7	700		17	1,900		27	2,900
	8	800		18	2,000		28	3,000
	9	900		19	2,100		29	3,100
	10	1,000		20	2,200			

To aid you in point determination, place the Bonus ID in the appropriate box above to determine the value of the capital. In your rally pack, record the value to the left of the “points” area in the bonus you are claiming. This grid and the bonus listing should have the exact same ID numbers and corresponding values.

IMPORTANT NOTE: For this set of Rally Sheets ONLY, riders may elect to miss the checkpoint in Wilkes Barre and continue collecting Route Sheet A bonus locations until the rally ends in Statesville on July 6 at 2p.
